Post-Test Questionnaire

Participant ID:
Date:

Prototype: 1

1. How much effort did the review require?

0 = no effort; 5 = extreme effort

☐ 0 ☐ 1 ☐ 2 ☐ 3 ☐ 4 ☐ 5

2. How useful was the interface for understanding the code changes?

0 = not at all useful; 5 = extremely useful

☐ 0 ☐ 1 ☐ 2 ☐ 3 ☐ 4 ☐ 5

3. How satisfied were you with the review experience?

0 = not at all satisfied; 5 = extremely satisfied

☐ 0 ☐ 1 ☐ 2 ☐ 3 ☐ 4 ☐ 5

4. What helped you identify or understand the changes?

5. What was confusing or required unnecessary effort?

6. Were the accept and reject controls clear? Please explain.

Prototype: 2

7. How much effort did the review require?

0 = no effort; 5 = extreme effort

☐ 0 ☐ 1 ☐ 2 ☐ 3 ☐ 4 ☐ 5

8. How useful was the interface for understanding the code changes?

0 = not at all useful; 5 = extremely useful

☐ 0 ☐ 1 ☐ 2 ☐ 3 ☐ 4 ☐ 5

9. How satisfied were you with the review experience?

0 = not at all satisfied; 5 = extremely satisfied

☐ 0 ☐ 1 ☐ 2 ☐ 3 ☐ 4 ☐ 5

10. What helped you identify or understand the changes?

11. What was confusing or required unnecessary effort?

12. Were the accept and reject controls clear? Please explain.

Comparison After Both Prototypes

Complete this section **after both prototypes**.

13. Which layout did you prefer?

☐ Prototype 1
☐ Prototype 2
☐ No preference

Why?

14. Which layout made it easier to find explanations with the relevant code? Why?

15. Would this approach be useful in your usual programming workflow? Why or why not?

16. What one change would most improve AITrace?
